# Hack the Tech News World

Judging:

Engineer panel of judges will select "BEST TEAM" based on the following:

- Completeness
- Impact
- Technical Complexity
- Innovation
- User Experience

Engineer panel of judges will evaluate the project on both academic and engineering perspective. They will then select winners in each aspect accordingly

All hack participants will vote for their favorite project for the "People's Choice" award

Please practice on your presentation after finishing the project, it is very important to showcase your accomplishment
